By 1895 it was clear that the British East Africa Company could not continue as a viable concern and so sold its lands and buildings to the British Government. The literature that circulated among this group of scholars commonly featured discussions of the essentialized racial and gendered make-up of their imperial research subjects. Ultimately, the comparison shows how intrinsic residential spatiality was to the designs of colonial power, and how unsuccessful these colonial designs were, literally and figuratively.

Company rule in Rhodesia

. Still, those who have treaded into this historical territory have come up against a host of methodological and theoretical obstacles.

Designing power: forms and purposes of colonial model neighborhoods in British Africa

Often times these performative aspects of camp violence required intricate choreography.

Designing power: forms and purposes of colonial model neighborhoods in British Africa

Li estis nobeligita kiel komandoro de la KCMG en la kaj levita al kavaliro Grand Cross GCMG en 1911.
