### Pale ale

Irish red ale is a balanced, easy-drinking pint, with a moderate malt character full of caramel and toasted notes. Quick Characteristics Color Range: 9—18 SRM Original Gravity: 1.

### Irish Red Ale Recipes

The book was written before much of the conservation and ecology work was done and reflects that. Overall the impression is slightly on the malty side, with a clean slightly dry finish.

### Irish Red Ale :: Style Characteristics & Brewing Tips

The main characters would be Irish red and Mike they loved each other in a way they loved to hike. There is some dispute as to whether Irish red ale is a genuine style or the same as English keg bitter.

### Irish

They will be quite clear with a small off-white to just slightly tan colored head. The Microbrewed Beer of the Month Club. The deep reddish copper color comes from a small dose of highly kilned grain that also adds to the dry finish of the beer.

### Irish

It held excitement and wonderful characters.

### Pale ale

Raise your temperature to 168°F and sparge slowly with 170°F water.
