Breastfeeding Guide & Tips

Breastfeeding is considered something sacred and natural, and I hope it remains that way in my country for generations to come. If you don't and the baby keeps crying you end up with heaps of insults from onlookers and you are suspected of stealing the baby. Find time to pump your milk in a private place and store it in a cooler or refrigerator so you can feed it to your baby when you get home.

'Oh no, no, no, we haven't got time to be doing that': Challenges encountered introducing a breast

Help them to talk about issues that may affect their plans about feeding their baby.

Breastfeeding is a human right, say UN experts

Unfortunately, the sound and nutritionally unique concept was discarded secondary to acculturational influence of western education and introduction of feeding formulae.

She wore her pump out. Ann — yes, all the way. It is like the Lord giving me a gentle push to be not just OK with, but comfortable with the gift of nursing.

Latch onto this! Great breastfeeding resources

Surgeon General issued a call to action to support breastfeeding that included four recommendations for employers, one of which is to establish and maintain comprehensive, high-quality lactation support programs for their employees. Because breastfed babies are healthier than those who receive breastmilk substitutes, families save on time and money that would be spent on visits to the family doctor and on purchasing medicines. Honestly I think this should probably lead back to free range as an overall issue.
