

Fourth International Conference on Virtual Reality and Its Applications in Industry - 23-25 October 2003, Tianjin, China

SPIE - Journal of Physics: Conference Series, 2020

Description: -

-
Virtual reality -- Industrial applications -- Congresses
Human-computer interaction -- Congresses
Fourth International Conference on Virtual Reality and Its Applications in Industry - 23-25 October 2003, Tianjin, China

-
Heft 56
Veröffentlichungen des Seminars für Versicherungswissenschaft der Universität Hamburg und des Versicherungswissenschaftlichen Vereins in Hamburg,
v. 5444.

Proceedings of SPIE--the International Society for Optical Engineering ;
v. 5444

SPIE proceedings series,Fourth International Conference on Virtual Reality and Its Applications in Industry - 23-25 October 2003, Tianjin, China

Notes: Includes bibliographical references and index.
This edition was published in 2004

Filesize: 50.42 MB

IOP Conference Series: Earth and Environmental Science, 2020

Assembly of the Virtual Model with Real Hands Using Augmented RealityTechnology. Query Expansion Using Medical Subject Headings Terms in the Biomedical Documents. Biennial conference of the European Association for the Study of Science and Technology.

PIRE: Partnerships for International Research and Education

Experimental Brain Research, 202, 445-455. The paper analyzes the system structure of the data model, the data organization and the expression of spatial graphical features.

Upcoming Conferences in India & Conference Alerts India

In International Conference on Computer and Information Science ICCIS 2015. ISPDC 2006, Timisoara, Romania, IEEE Press.

Survey a of virtual assembly system

Freeform object design and simultaneous manufacturing is a novel virtual design and manufacturing method that aims to enable creative and individualized product geometry design and rapid manufacturing of the designed model. Implementation of edge detection algorithms to characterize magnetic micropillars patterned by X-ray lithography.
