Brill's Studies in Intellectual History

In these papers, scholars from Italy, France, Germany, Great Britain, the Netherlands and the United States examine the impact of Spinoza's philosophy on the European Republic of Letters, one generation after the death, in 1677, of the greatest philosopher in the history of the Netherlands. Therefore the author has ordered his material into an interpretive framework based on a prosopographical approach towards the subject.

Studies in Intellectual History of Tokugawa Japan

It consists of nine case studies and two contributions of a more theoretical nature. Immense collections of Arabic manuscripts were acquired both privately and by libraries, such as the Bodleian at Oxford.

American foreign policy

The central thesis of the book is that the reaction to enthusiasm, especially in the Protestant world, may provide one important key to the origins of the Enlightenment, and to the processes of secularization of European consciousness. An International Standard Serial Number ISSN is a unique code of 8 digits. United States American Psychological Association Inc.

Brill's Studies in Intellectual History

The course asks the student to read, perform, and lead discussions of historic text exploring the nature of American society's engagement with the ideals of diversity. It considers Andrew Carnegie, Carl Schmitt, Hans Morgenthau, George Kennan, Samuel Huntington, Paul Wolfowitz and many other thinkers and practitioners who have contributed in shaping the ways in which we have come to think of US foreign policy over the years.

'Studies in Intellectual History of Tokugawa Japan': Chronicling the political theory of the Edo Period

Prerequisite: Earned credit or concurrent enrollment in HMST 101 IHST 221-IH1 Myth, Magic and Ritual This course will focus on the origins of western philosophy and the pre-history of superstition and religion, considering the origins and tenets of hermetic belief systems such as alchemy, the occult, Kabbalah, freemasonry, and other gnostic traditions and styles of thought.

American foreign policy

His Ethics presents a treatment of virtue from the standpoint of occasionalist metaphysics. According to SCImago Journal Rank SJR , this book series is ranked 0. As he so dramatically declares in his closing sonnet, Israel's rehabilitation depends on its shedding man-made doctrines, and holding fast to the Law in its purity.

Studies in Intellectual History of Tokugawa Japan

By identifying many unexpected 'Arabick' strands in the complex skein of seventeenth-century English concerns, this volume opens new lines of investigation and challenges some of the accepted historical interpretations of the period. Finally, it addresses the question of reconciliation after ethnic cleansing. At the outset the role of man seems to be conditioned by nature's dynamic development through the Neoplatonic stages of procession and return.
