Making clinics youth

Geneva: World Health Organisation; 2002. Child and Adolescent Health Services in the Republic of Moldova. Manning WD, Longmore MA, Giordano PC: The relationship context of contraceptive use at first intercourse.

Youth

A key issue will be providing this training to all healthcare workers given resource constraints, particularly in low- and middle-income countries.

Clinic Assessment of Youth

Action Health Incorporated AHI established the clinic in 2012 as a safe space for young people in the Kuje community with support from MacArthur Foundation. Strategies: Extend operating hours, allow walk-in appointments, youth-friendly amenities in waiting room e. This engaging professional development opportunity will help attendees better understand food insecurity, recognize how food is a social determinant of health, and increase comfort level with routine screening for food insecurity with adolescent patients.

Green Question

Regular training and monitoring could enable healthcare workers to address young people's needs. Click for a list of Virtual Care Resources.

Strategies to sustain and scale up youth friendly health services in the Republic of Moldova

Discussions were held with FGDs and IDIs discussants in Amharic until the point of saturation was reached.

Utilization of youth friendly services and associated factors among youth in Harar town, east Ethiopia: a mixed method study

Further, bilateral and multilateral donors have agreed to support the scale up effort.
