## The role and influence of pressure groups in contemporary British politics

The government considered its approach to be illegal and non-democratic.

### Pressure Groups — A Level Politics

What is the normal gender division of the housework? Typically a pressure group is an organized group of people that wants to influence the policies or activities of those in able to make decisions. Overview Like several aspects of human life that continuously exist, pressure groups are not new in Britain and even in British constitution. However, political scientists have pointed that, when voters elect representatives from a political party, they are opting for a package of policy-options, embodied in party manifestoes.

Large Pressure Group of Anti-War Protesters The aim of all pressure groups is to influence the people who actually have the power to make decisions. Pressure groups in the USA benefit from friendlier constitutional and legislative frameworks; the 1 stAmendment safeguards rights of speech, expression and association. More recently, critics of groups that use disruptive direct action by narrow-interest low-membership groups argue that such activity hinders and may prevent joined-up government, since the UK government has to balance a number of demands.

### What are pressure groups

How many agricultural workers are there per hectare? Additionally, groups seek to defend and advance their own interest or cause, and government policy or specific decisions may affect them adversely or beneficially.
