5 Priorities for the U.S.

For Taiwan, Korea, and Japan, China has become an essential part of their production line. As a result the American bilateral security commitments with key Asian countries, which have provided the basic framework of regional security, will be changed at least superficially, if not substantially.

5 Priorities for the U.S.

This means that the economies of East Asia are increasingly integrated around a Chinese core.

Treaty on Basic Relations between Japan and the Republic of Korea

Strategic Energy Partnership JUSEP , Japan-U.

South Korea

The legal status of Korean residents in Japan is another important controversial question after the war. The United States is suffering a decline in real wages and a squeeze on middle-class family incomes; Japan is recording rapid growth in per capita incomes and a rising national living standard.
