A Literary Analysis of Mary Shelley's Frankenstein

Mary gave birth to one surviving child, Percy Florence, whom she dedicated to raising back in England while pursuing her professional writing career. By the time she returned to England a few years later, her novel was already a hit stage play focusing on the horror story and almost entirely

The Novels and Selected Works of Mary Shelley.

Mary Shelley

The Valperga was published in 1823. Tracing the use of the disembodied posthumous voice in fiction and poetry by Mary Shelley, Emily Brontë, Emily Dickinson, and Sylvia Plath, Raymond's study sounds out the ways that the trope of the posthumous voice succeeds in negotiating the difficult cultural space between the concept of woman's body and the production of canonical literature.

Mary Shelley and the Birth of Science Fiction

Over time it became the name of the classic Hebrew Frankenstein, an anthropoid creature formed of mundane earth and animated by supernatural rather than by science-fictional methods.
