**this publication**

The Pygmies evacuated the park by groups organized around a customary and traditional authority. .

**Juriprudence**

**Juriprudence**

With Central and South America following 10—15 years later, they sought to face these objective inequalities and subjective injustices in a more successful way and to use international law to reinforce their claims. Early anthropologists marveled at the enormous abundance of natural resources available to the people living there. Sarstoon Temash National Park, Toledo District, Belize.

**Past ACRM Conferences**

Although there was much opposition, a few chiefs followed the example of Kikretum and allowed gold mining in exchange for royalties. Land-tenure insecurity in Toledo is a major obstacle, therefore, to the conservation of the environment and to sustainable development — one that has repeatedly been identified by national and international development projects, 31 Indigenous Peoples and the Struggle for Governance of Natural Resources in Belize Human Rights and Conservation researchers and practitioners.

**this publication**

Throughout the world, land and natural resources provide indigenous people with their primary sources of food, their freshwater, their traditional medicines, and the materials for their needs houses, cooking utensils, canoes, hunting weapons, and cultural artifacts, etc.

### **Juriprudence**

Buergin discusses the situation concerning protected areas and resettlement of Hill tribe communities, in Thailand, particularly focusing on the Karen living in the Thung Yai Naresuna Wildlife Sanctuary.
