## Artificial Intelligence and National Security

To the extent the standards and criteria for credit and guaranty transactions are based upon national security or financial policies, the Secretary of State shall obtain the prior concurrence of the Secretary of Defense and the Secretary of the Treasury, respectively.

## Export Controlled or Sanctioned Countries, Entities and Persons

South Korea, on the other hand, has two-thirds of global market share for memory semiconductors, while Europe accounts for almost half of discrete semiconductors. Their utility is beginning to erode, however. Together, these forces are shaping data governance regimes globally, carrying immense implications for accessing, monetizing, and analyzing data in the digital age.

## A new U.S. policy makes it (somewhat) easier to export drones
