A Tale of Two Monasteries: Westminster and Saint

A Tale of Two Monasteries: Westminster and Saint

This is the first book to systematically compare Westminster Abbey and the abbey of Saint-Denis--two of the most important ecclesiastical institutions of the thirteenth century--and to do so through the lives and competing careers of the two men who ruled them, Richard de Ware of Westminster and Mathieu de Vendôme of Saint-Denis. Martin de Porres, who lived in the same city. Almost every English exile departed from the port of Dover, many bound for the same French village, a place called Wissant.

Jordan, William C. 1948

This is a spectacularly accomplished book: learned, witty and very important.
