The forte of equality in socialism acted as a magnet for the impressionable Jawaharlal Nehru. From 1947 till his death, Nehru oversaw major national programmes of agrarian and land reforms, industrialization, and energy development, including atomic energy. This thinking resonates throughout the first section, 'Culture and Society'.

## The Oxford India Nehru

In turn, Nehru often found himself at odds with his countrymen: he was frustrated with administrative incompetence, communal rhetoric, venality in the Congress, and narrow provincial and casteist outlooks that were out of step with the spirit of nation-building. The British education of Nehru is starkly visible in the promotion of fertilizers to increase the crop yield of the land. Any anthology by its very nature must exclude a great deal of material.
