Socialism in liberal democratic constitutions

Yr Iaith Gynraeg a Chyfrifiad 1891, gan Gwenfair Parry a Mari A.

Plenary 20/10/2020

Gwelir yn amlwg enciliad tiriogaethol yr ardaloedd craidd Cymraeg mewn nifer o fannau allweddol y mae eu lleoliad rhanbarthol yn arwyddocaol: Prestatyn a thref Dinbych yn y gogledd-ddwyrain; ardaloedd awdurdodau lleol o boptu afon Menai yn y gogledd-orllewin; maes glo Morgannwg a maes y glo caled yn ymestyn i ddwyrain sir Gaerfyrddin; ac Abergwaun hefyd. In light of the anxiety expressed by all the respondents, and the sense that cut-and-paste phrases of friendship and protecting the rights of European citizens are encapsulated in the responses, it's really important that, instead of banging the bong on 31 January in a sense of triumphalism, we reach out with that hand of friendship to all the people who've lived in this country for many, many years. In overall carbon terms, it is better to recycle even at a distance than to dispose of the materials.
