### How Retaining Senior Employees Can Help Your Business

Your employees might know significantly more than you give them credit for.

### Senior Community Service Employment Program (SCSEP)

Data access was via the scientific user file provided by FDZ.

### Aging workforce challenges: Trends, Statistics and Impact

Neither the owner's mailing house nor his degree and highly paid marketing manager had noticed it. Operating in five countries across over 20 professions, Generation operates programs that focus on targeting training to where strong demand for jobs exists and gathers the data needed to prove the return on investment ROI to learners and employers. Within that consensus, though, were clear regional differences.

### 12 Benefits of Hiring Older Workers

His teaching and certification experience includes Safeguarding of Machinery, Pre-Start Health and Safety Review, Joint Health and Safety Committee Certification — Part 1 and Part 2, and Competent Person — OHS for Managers and Supervision.

### Employers Need To Train Their Older Workers, Too

He has held in-house engineering, project management and engineering management roles in the automotive manufacturing sector. While the increased access to higher education is a good thing, rising standards for qualification mean that some older workers may feel passed over for new career and learning opportunities in favour of younger colleagues. What part of future employment demand can I meet by retraining existing workers, and what is the ROI of doing so, versus simply hiring new ones? The Benefits of Retraining Older Workers Older workers can get lost in the shuffle when it comes to job training and placement.

### Top tips on avoiding discrimination when managing older workers

There are a number of reasons why you should consider including older workers as part of your workforce. And yet, these workers are being ignored to some extent.
