## Fuji

However there are many items that require a certificate of inspection issued by the exporting government agency attached.

## 12 LGBTQ Flags

Counterfeit goods such as money, bank notes, securities, credit cards and others Items that are restricted and require procedure to bring into Japan There are some items that can be brought into Japan if they meet certain conditions.

## Fuji

Processed cheese can be brought into Japan. Depending on the case they may deny entry or you may be punished by law. Vegetation in the park ranges from species of mountainous trees to the vegetation of the Izu Islands.

## Japan Customs Restricted Items: Careful! Things You 'Can' and 'Can't' Bring Into Japan

Also drugs specified in Article 2, Paragraph 3 of the Act of Prohibition of Chemical Weapons and Regulation of Specified Substances, and Type 1 pathogens specified in Article 6 Paragraph 20 of the Act on Prevention of Infectious Disease and Medical Care for Patients with Infectious Disease and type two pathogens specified in paragraph 21 are prohibited.

## Fuji

Cheese is subject to animal quarantine regulations for dairy products.

## 12 LGBTQ Flags

This applies to fur, leather products and things that have been commercialized such as traditional Chinese medicine. In many countries, there are livestock diseases, and there is a fear of infectious diseases spreading from meat products. Fuji-Hakone-Izu National Park covers 1,227 square kilometres 474 sq mi.

## **Japan Customs Restricted Items: Careful! Things You 'Can' and 'Can't' Bring Into Japan**

Cats and dogs that have met import conditions can finish their inspection in a short duration, however if the conditions are not met, they will have to be inspected in the holding facility at the Animal Quarantine Station for a maximum of 180 days. Plants without a certificate of inspection will be disposed by the Plant Protection Act. If you are unsure of certain items, we recommend asking specific agencies for instructions.

## **The Buddhist Stupa: Architecture & Symbolism • Approach Guides**

To understand the stupas and pagodas that you will see throughout Asia — including those in Bhutan, Cambodia, Thailand, Myanmar, South Korea, Vietnam, Laos, Indonesia, Nepal, China and Japan — it is helpful to first appreciate the design of the earliest stupas, which are found in India and Sri Lanka. Cheese brought in personal baggage accompanying a person arriving from a foreign country may be exempted from animal quarantine requirements, provided it is less than 10kg in weight.
