## Sosei Group to Acquire Jitsubo

For more details please visit.

## Sosei Acquires Jitsubo, a Leading Japanese Peptide Technology Company

To obtain a very successful escape from the ground, the student can use the bridge and roll technique, without it he will be stuck or left with no other option but to give up his back. Through the acquisition of Jitsubo the Group acquires a state-of-the-art technology that has a potential to become a generator of future revenue and growth.

## Shito

There are many techniques in Brazilian jiu jitsu.

## Basic Jiu Jitsu moves every white belt should know

These techniques are most common on white belt level and its good to be familiar with them, so it is gonna be easier to defend them. Triangle choke The first basic jiu jitsu technique that we think is fundamental is the triangle. The low mount gives you the maximum amount of control and nullifies the bridge of your opponent.

## Basic Jiu Jitsu moves every white belt should know

This was his favorite attack from the guard. Both have been launched in Europe and Japan, but are in Phase III studies in the U. Currently, two types of peptide synthesis technologies are widely used: solid-phase peptide synthesis SPPS and liquid-phase peptide synthesis LPPS.
