Ecclesiastes 3:21 KJV: Who knoweth the spirit of man that goeth upward, and the spirit of the beast that goeth downward to the earth?

Ex-lieutenant Eddie Gundersen returns to Belzagor, where he had left behind his youthful illusions, the love of his life and his shameful past as a colonizer. Abandoned by man when it was discovered that the species there were actually sentient, the planet is now a place of mystery. But they undoubtedly have a rich cultural and religious life which commercially-minded human colonists chose to ignore in their exploitation of Belzagor's resources.
