### Description: Spirituality and the secular quest

Furthermore, evolutionary spirituality acknowledges the differences between a nondual sense of the ultimate and a theistic one without feeling a need to resolve the gap between these two polarities. He bases it also on the common human experience of connection, which, as he points out, most religions call the love of God. In addition, they inquire into scientific spirituality as well as cultural spirituality, the latter being found in the arts, sports and game playing.

### Table of Contents: Spirituality and the secular quest /

The Presence of the Infinite is a highly intellectualized exploration of a new kind of unifying spiritual agreement that the author feels is on the horizon in America.

### Spirituality and the Secular Quest (World Spirituality): van Ness, Peter H.: 9780824507749: spaceneb.us.to: Books

Margaret Placentra Johnston The reviewer is the author of Faith Beyond Belief: Stories of Good People Who Left Their Church Behind Quest Books. Spiritual Exercises for a Secular Age offers a readable and engaging introduction to the thought of Charles Taylor and William Desmond, and demonstrates how practicing metaphysics can be understood as a form of spiritual exercise that renews in its practitioners an attentiveness to God in all things. The book names as spiritual that which most would dismiss as merely political, therapeutic, scientific or entertaining.

### Spiritual Exercises for a Secular Age

Unlike progressive spirituality, it will respect the contributions and truths of all the earlier forms of spirituality, and will offer an improved and expanded set of values that allow us to experience greater beauty, truth, and goodness in our lives. Lucid prose and thoughtful religious reflections make this volume essential for all libraries.

**Religion Book Review: Spirituality & the Secular Quest by Peter Van Ness, Author, Ness Peter Van, Author Herder & Herder

This book not only put a whole new perspective on that word, it described in great detail the cutting edge of the next cultural movement that some expect will surpass postmodernity in scope and sophistication: post-postmodernity. The authors examine this tradition in terms of its sources in ancient Greece and Rome, in Asian and Near Eastern traditions, as well as in the European Enlightenment, British Romanticism and in the American Pragmatist School of Philosophy.

**Spiritual Exercises for a Secular Age**

This book not only put a whole new perspective on that word, it described in great detail the cutting edge of the next cultural movement that some expect will surpass postmodernity in scope and sophistication: post-postmodernity. That these secular arenas contain implicitly spiritual dimensions affirming the interconnectedness of life is a welcome acknowledgement.
