**It was a very good year : extraordinary moments in stock market history : Fridson, Martin S : Free Download, Borrow, and Streaming : Internet Archive**

Forward-looking statements are inherently subject to, among other things, risks, uncertainties and assumptions regarding currencies, economic growth, current and expected conditions, and other factors that are believed to be appropriate in the circumstances which could cause actual events, results, performance or prospects to differ materially from those expressed in, or implied by, these forward-looking statements.

**Indigo**

With most global indicators signalling a modest acceleration of economic growth and a backdrop of low interest rates and subdued inflation, we were optimistic that the economic cycle still had considerable room to expand. All investments pose the

risk of loss and there is no guarantee that any of the benefits expressed herein will be achieved or realized.
