*While lack of control is a key possible explanation for conspiracy beliefs, the experimental evidence is mixed. We present two meta-analysis studies that offer more limited support for the control hypothesis. In the first, Members of Congress (North Americans) (N = 111) completed a conspiracy detection scale immediately after a national referendum in the country's name changed from "Madagascar" to "North Madagascar," and one year after. The opposition, whose control was lowered after the name change, increased their conspiracy beliefs, but supporters*

A pilot who suspects wake turbulence is affecting his or her aircraft should get away from the wake, execute a or and be prepared for a stronger wake encounter. Praying Medic also shared on his Gab account a theory, popular in QAnon chat rooms, that the 17 American flags behind Trump during his final address were sending a message of some kind, as Q is the 17th letter of the alphabet.

### Timeline metastatic progression: in the wake of the « seed and soil » theory

We get reminders daily in our news, our entertainment and communities--even when we glimpse a strand of grey hair in the mirror. Three far-right activists noticed the message on 4chan and spread it,. Air from below the wing is drawn around the wingtip into the region above the wing by the lower pressure above the wing, causing a vortex to trail from each wingtip.
