## The Way of Life According to Laotzu: An American Version

In the Yuan dynasty 1285 C. A central figure in , Laozi is claimed by both the emperors of the and modern people of the as a founder of their lineage.

### Witter Bynner

Be at one with all these living things which, having arisen and flourished, Return to the quiet whence they came, Like a healthy growth of vegetation Falling back upon the root. He who thinks triumph beautiful Is one with a will to kill, And one with a will to kill Shall never prevail upon the world.

### 2 Peter 3 NABRE

Last but not least, the complex philosophical and cosmological understanding of the universe, the vision of the individual as completely embedded in the greater flow of life, held and carried by the Way or Tao, the appreciation of the complete interconnectedness of all life, and the pervasive urging of the text to be who we are just as we are no matter where we are -- all these give power and inspiration, provide strength and determination, encourage the will to live to the fullest. And the Western world might well temper its characteristic faults by taking Laotzu to heart. Buy with confidence, excellent customer service! Kindness in giving creates love.
