Community Care

Where particular views, feelings or beliefs including religious beliefs impact on the choices that a person may wish to make about their care, these should be taken into account.

Community Treatment Orders

How long can my responsible clinician RC keep me in hospital? Once authorized to receive community care, they have several options for scheduling an appointment with a community provider, depending on the type of care they need. I welcome this article but fear councils will continue to look at maintaining cost driven assessments.

Resources Archive

Finding a new home Deciding whether to move home in, or in anticipation of, older age can be challenging. As with hotels, the cost of living in a care home varies widely according to its location, the size of your room or suite, and the facilities on offer. Contact them directly for information about their services and eligibility requirements.

Community care requires confidentiality, too

Section 117 S117 aftercare means that the services you get when you leave hospital are free. If you would like to talk to an IMHA you can contact the service yourself or ask someone else to do it for you. Your attorney for health and welfare or a court appointed deputy may be able to agree or refuse treatment for you.
