This book is interesting in that it's part fact, part fiction. Tight binding, clean boards, and no markings in text; Boards show slight fading at top edge; Dust jacket shows mild wear and is now housed in protective mylar for further preservation; Stored and shipped in protective polybag; Secure packaging for safe delivery. I'm so glad I borrowed this from the library instead of buying it! It's heartbreaking, angering, and disturbing, and you won't forget it.
