Volunteers came from a variety of sources.

Redneck Rampage, Commander Keen, NAM and World War II GI's Linux ports added to Luxtorpeda for Steam : linux_gaming

With a subject as rich in source material as World War II, you'd think that the development team would have taken some time to explain the historical significance behind each of the missions, or included a manual that described the real world parallels with what you were doing on screen. What could possibly go wrong? To them it seemed that a country defending democracy abroad would want to set an example at home, especially on behalf of those willing to serve and die for the cause.

To make sure the GI Bill largely benefited white people, the southern Democrats drew on tactics they had previously used to that the helped as few Black people as possible.

The World War II GI: US Army Uniforms 1941

How have you tried to troubleshoot the problem? Too much dissatisfaction and friction, otherwise ok.
