The exhibition is organised by the Victoria and Albert Museum, London. The author also tells of a helpful tip: yawning to pop your ears. Charleston, South Carolina: The History Press.

Critical Annotations

Thus the godly King is both borne by and born from the elements, in a supernatural act that brings unity to the kingdom. Here was a new, progressive reality imaged for all to see.

Together they go swimming, tell stories, and write letters, and much more! This trend spread rapidly, and portrait studios opened in large cities and smaller towns. Residual light-sensitive silver salts are then removed through fixation, and the picture is washed in water. From the pin-sharp daguerreotype and the more textured calotype process of the early years, to the wet collodion method pioneered in 1851, photography developed as both a science and an art form.
