The intricate connection between the media, advertising and the star system materialized into a crusade preaching the gospel of the corporation. The ultimate goal of the game consists in a victory, and ultimately the quest of a world cup.

Review of The Encounter of Religions and Quasi

Its anti-democratic political philosophy placed the corporate body above the individual.

Religion and Quasi

The media became the anointed medium for the propagation of corporate agenda, channeling the subliminal message of an artificial person. Secularism Secularization began during the Enlightenment: A period where science and technology became the predominant driving forces behind the economic growth and development of the western world. Who knew it was so detailed? The symbol of the fascio, or bundle, was meant to indicate the unifying strength of all the guilds and corporations.

Christianity and the encounter of the world religions : Tillich, Paul, 1886

Sacer was not a magical force but a juridical quality defined by property. After the war many major corporations survived and thrived.

The Corporate State: The Emergence of a Quasi

Levi-Strauss infers that myth works in subtle and covert ways. The misconception around the meaning of person is exemplified by the oxymoron of corporate citizen.

Citizenship is granted either by birth or through the process of citizenship, a ceremony that involves taking the oath of allegiance to the United States of America. The best of Christian practice has parallels even with nationalism, for Christian loyalty to the Ultimate also gives meaning to our sense of place.
