John Denham

This version of The Tempest was so popular that the King paid for five performances in the next six months.

Denham by Samuel Johnson

The poem's plot is unfinished, and no modern reader--if there are any--could wish for its being a line longer. Now private pity strove with public hate, Reason with rage, and eloquence with fate. Samuel Tuke's Adventures of Five Hours was given here; its plot had been suggested by the King, and Pepys admired it over Shakespeare.

The English Anthology, 1793

Lovers, whose priests all poets are, Think every mistress, when she dies, Is changed at least into a star: And who dares doubt the poets wise? The book both examines for the first time and reassesses important features of Denham's life and reputations: his friendship circles, his role as a political satirist, his religious inclinations, his playwriting years, and the personal, political and literary repercussions of his long exile; and offers fresh interpretations of his poetic magnum opus, Coopers Hill. From his innovations is derived our modern theater auditorium. This text comes from a footnote on a diary entry in the 1893 edition edited by Henry B.

John Denham

Poemata Latina Plantarum libri sex; Miscell.

A Timeline of Poetry in English

From the first edition, 1749.
