## The Prairies

The most frequently quoted measure, the low-income cut off or LICO, displays a downward trend since 2000 after a spike in the mid-1990s and was 10. Agricultural Estimates Division, United States. The Prince Edward Island Strategy is a provincial strategy that was in response to meeting the federal government goals presented in this agreement.

## References for Identification in the Agriculture and Agri

However, in 1938 the provincial government established the Alberta Petroleum and Natural Gas Conservation Board today known as the to initiate conservation measures, and this time was successful in implementing it. Notable widespread tree species within Yukon are the black spruce and white spruce.

## Ojibwe

Retrieved from Treaty Texts: Library and Archives Canada.

## Provinces and Territories of Canada

There are probably other areas of high land in this district and other parts of Southern British Columbia which will turn out as well with anyone bold enough to make the experiment.
