## Intersections: The Process of Divergence between 'Men who Love Men' and 'Feminised Men' in Postwar Japanese Media

In the Tokugawa or early modern period 1603—1868, as described in Chapter 6, by Duncan 88 Jacqueline I. There was a strong social stigma attached to those who were divorced, particularly to women, as can be seen by a disapproving and contemptuous term, demodori returnee to one's par172 7- WiOmen and the j.

The 1970s, however, were characterised by the emergence of a new identity in public media, that of the homo or non-feminised homosexual man, for whom a range of niche magazines were developed early in the decade See article in this edition of Intersections. Various views on nonsexist language reform, and the future prospects of the Japanese language are presented to conclude the chapter.

## Die Grundprinzipien des Reichswesens eBook (2018) / 978

The character we identify with becomes our alter-ego, or, to use the Japanese term, bunshin. Demographic Information on the Survey Participants 89 2.

In Chapter 5, Yano discusses the construction of masculinity in the production of performers, performances and song lyrics in the popular music form called enka, and shows how these are bound with constructions of nostalgic and nativized national identity. They have existed long before modern times; for instance, the origin of the term urenokori unsold merchandise dates back to the Edo period 1603-1867 Kojien, 2008.
