The Sewing Loft

Then roll it up and fasten the tie ends for compact storage.

31 of Our Favorite Sewing Projects

This is a stitch that goes back and forth and is used when a straight stitch just won't do, like to reinforce buttonholes or in working with stretchable fabrics. Put your needle through the loop twice. Our sewing video lessons cover everything from learning how to thread a sewing machine to learning how to sew one of the most challenging materials of all, leather.

Free sewing projects, free learn to sew articles, charitable sewing, my sewing room, bridal and more

At the end, take the needle and move it to the right of the last vertical line the thread forms. Textile workers who perform tasks with sewing machines, or do detailed work by hand, are still a vital component of the industry, however. Take a small stitch to the right or left.

The Sewing Studio Fabric Superstore

It'll be much easier to work with when you're sewing.

The Sewing Loft

To practice slip stitch you'll want to cut out a small square of fabric. But they're not entirely necessary! Pair this project with our to cut down on plastic use in other areas of the kitchen. Hold the needle with one hand and the thread in the other.

3 Ways to Sew

There are cited in this article, which can be found at the bottom of the page. NOTE: These settings will only apply to the browser and device you are currently using.
