Introduction to Datacomms Cabling

Best use of data as part of an integrated campaign This category rewards organisations that have effectively used data in a specific or strategic campaign across social and traditional media channels. Our learning professionals are specially trained on how to interact with remote attendees and our remote labs ensure all participants can take part in hands-on exercises wherever they are. Best use of social media This category recognises the role that social media can play in the communication of data.

Introduction to Data Communications (QAINTDAT)

The Introduction to Data Communications training course is an instructor led presentation course that provides a fundamental overview of the hardware, protocols and techniques used in the modern datacommunications environment.

DC Datacomms / Norwescom Telecommunications

Very Good: A book that does not look new and has been read but is in excellent condition. Focusing on key aspects of the datacabling installation practises, and in addition an overview of the essential tests, this course serves as an excellent introduction for those who are looking to acquire knowledge on how to install and test datacomms cabling.

Communicate magazine: DataComms Awards 2022 Entries Open

May be very minimal identifying marks on the inside cover.

Introduction to Data Communications (QAINTDAT)

For the full agenda visit the Communicate is a trade magazine dedicated to the UK corporate communications community. All courses are built around case studies and presented in an engaging format, which includes storytelling elements, video, audio and humour.

City and Guilds 3667

With home working and universal shifts online, data communications are more important than ever before. Best use of animation This category recognises the role that animation can play in the communication of data.
